32. (NEW) A process according to claim 28, wherein the coding of the identification layer and the coding of the transponder unit occur in a common coding process.

REMARKS

Claims 17 through 32 are in this application and are presented for consideration. Claims 1 through 16 have been canceled. The new claims present subject matter similar to the original claims, but in a different form.

The specification and claims have been amended in order to place this application in better form. The reference to claims in the specification has been deleted or amended. Appropriate headings have been added. No new matter has been added.

Favorable action on the merits is respectfully requested.

Respectfully submitted
for Applicant,
